TRANSMITTAL

SUBJECT: Bay/Delta Accord Extension - Current Drafts
TO: Patrick Wright, David Nawi, Jim Lecky
FROM: Tom Hagler

In anticipation of my absence from the office for the next week, I am sending the current drafts of the Accord Extension material, along with the following comments:

(1) The short (one sentence) formal extension language should be final. Both David Nawi and I approved of this revised version at our conference call last week.

(2) The longer explanatory memo is still a draft. Leidigh of the State Board confirmed the proper notice date for the State Board's commitment. Two things need to be done as to this memo:

(a) Maureen Gorson was going to check with DFG's Craig Manson to verify that DFG accepts the language about new listings. Both Nawi and I recall that he did so at our initial meeting; however, there have been questions raised on the state side.

(b) Susan Weber was going to run these documents past Bob Potter for his comment.

(3) Maureen Gorson was going to ask one of her PR people to draft a press release. This needs to be reviewed by all parties.

As of today, I have not heard from either Maureen or Susan.

PLEASE REMEMBER that the "agreed to" language for these documents needs to be to Sharon Gross at the CALFED staff no later than Tuesday, September 15th, so that it can be included in the CALFED Policy meeting package. I am assuming that Patrick, as the drafting committee chair, will be responsible for this.
